

Safety. Service. Execution.

## **PGT Services: PIPE**

With a combination of specializing in flatbed transportation and projects ramping up in the spring, summer, and fall, PGT Services moves an abundance of pipe and tubing products every day.

### **Experience**

Our growth and expertise in the pipe and tubing industry have made us a reliable transportation expert to many high-profile customers across various industry verticals.

With expertise in hauling pipe, we have moved:

**600+**

pipe loads across the US over the last year.

When shipping flatbed, you need industry experts that understand the importance of industry regulations. With over 40 years of history, we have the experience needed to handle flatbed shipping, specializing in pipe securement and safety.
