

OTHER COMMODITIES

SOMETHING ELSE? WE HAVE YOU COVERED!

Although PGT Services specializes in flatbed transportation primarily focusing on steel, building products, pipe, heavy machinery, and drayage – we have the capabilities to move almost all commodities requiring flatbed.

EXPLORE MORE THAN JUST OUR FLATBED CAPABILITIES – LET'S DISCUSS OTHER OPTIONS

In the realm of transportation, flatbeds offer versatility for a wide array of commodities. PGT Services specializes in transporting commodities such as steel building products, pipe, heavy machinery, and drayage. Additionally, our capabilities extend to handling various “other” commodities, showcasing our adaptability of flatbed transportation. This includes but is not limited to consumer goods, outdoor essentials, and automotive commodities, highlighting the comprehensive range capabilities.

COMMODITIES

With a comprehensive approach to logistics, PGT Services navigates diverse industries, seamlessly transporting consumer goods, outdoor essentials, and automotive commodities in addition to our core flatbed loads.

Consumer Goods

PGT Services has the experience working with many major retailers moving commodities needed from point A to point B.

Outdoor Essentials

Commodities such as road salt, mulch, lawn care equipment, soil, and military equipment/resources, PGT Services has experience with.

Automotive

PGT Services excels in the transportation of a diverse range of automotive commodities, including cars, tires, flatbeds, and scrap metal.
