

Safety. Service. Execution.

Who We Are

PGT Services is an asset-light logistics provider based in Pittsburgh, PA. Specializing in Flatbed, over-dimensional, heavy haul, projects and dryage transportation. We're an extension of our sister company, PGT trucking, which has over 1000 assets. We proudly serve top companies such as John Deere, The Home Depot, ADS and Jame Hardie.

Our Core Services

Flatbed

PGT Services provides safe, efficient flatbed solutions for critical freight. We handle diverse trailer types—including Flatbed, Step Deck, Hot Shots, and Conestoga—for industries like Steel & Metals, Pipe, Construction, and Military.

Truckload

We offer comprehensive truckload solutions with vast capacity and strong carrier relationships across Dry Van and Refrigerated networks. Our capabilities ensure product integrity and timely delivery for your supply chain needs, including Team/Expedited, Long-Haul, Multi-Stop, and Dedicated Capacity.

Over-Dimensional, Specialized, & Heavy Haul

Specialized trucking services for over-dimensional, specialized, and heavy haul freight demand unique expertise. PGT Services excels at tackling the most challenging loads, managing everything from finding reliable capacity and controlling costs to securing permits and planning routes. Our specialized equipment includes Step Decks, Double Drops, Lowboys, RGNs, and Multi-axle trailers.

Project Logistics

Managing Project Logistics can seem daunting, but PGT Services embraces the challenge. We bring a rich history of successfully tackling intricate, large-scale projects with unwavering commitment to safety and pristine service. Our specialized Project Team, with “boots on the ground” port presence, offers solutions like Breakbulk facilitation, Door-To-Door Services (US, Canada, Mexico), and Disaster Relief for critical equipment.
